 2. Since December 23, 2003, Respondent's stormwater discharge has been covered under the General Permit for the Discharge of Stormwater Associated with Industrial Activity ("Industrial Stormwater General Permit") issued on October 1, 2002, modified July 15, 2003, reissued October 1, 2007, reissued October 1, 2008, and reissued April 14, 2009 pursuant to Connecticut General Statute 22a-430b.
 3. Respondent is required to monitor its stormwater discharge annually between October 1st and September 30th in accordance with Subsection 5(c) of the Industrial Stormwater General Permit.  4. On May 13, 2008, Notice of Violation NOV WR SW 08 030 was issued to the Respondent for failure to sample stormwater for the years 2005, 2006, and 2007. Respondent responded to the NOV and partially complied with the NOV by collecting 2 makeup samples.
 5. By virtue of the above, Respondent has violated a permit issued under §22a-430b of the Connecticut General Statutes.
- B. With the agreement of Respondent, the Commissioner, acting under 22a-6, §22a-424, §22a-425, §22a-427, §22a-428, §22a-430, §22a-430b, and §22a-438 of the Connecticut General Statutes, orders Respondent as follows:
1. On or before one-hundred-twenty (120) days after the date of issuance of this consent order, Respondent shall review its Stormwater Pollution Prevention Plan ("SWPPP") and perform a Comprehensive Site Compliance Evaluation in

accordance with Section 5 of the Industrial Stormwater General Permit. Respondent shall use the form included in Attachment A to this consent order ("form") to assist in performing such review and evaluation.

2. Within thirty (30) days after the date Respondent performs the review and evaluation required under paragraph B.1., Respondent shall submit in writing, for the Commissioner's review, the completed form, a summary of findings from Respondent's review and evaluation, and a discussion of corrective actions required and taken, including any updates or amendments to the SWPPP necessary to make such plan complete or to otherwise comply with the general permit.
3. Full compliance. Respondent shall not be considered in full compliance with this consent order until all actions required by this consent order have been completed as approved and to the Commissioner's satisfaction.
4. Penalty. Respondent agrees to the assessment of a civil penalty of \$4,500 as the total civil penalty to be sought by the Commissioner for past violations described in paragraphs A.3., A.4., and A.5. of this consent order to be satisfied by the following:

Respondent has agreed to undertake the following supplemental environmental project ("SEP") expenditure of at least four thousand five hundred dollars (\$4,500), or make payment(s) as follows:

 - i. On or before ninety (90) days after the date of issuance of this consent order, Respondent shall submit, for the Commissioner's review and written approval, a proposal and schedule to install stormwater catch basin treatment retrofits as part of the Lower Wepawaug River Restoration Project. Within six (6) months of the issuance of this consent order, Respondent shall complete such SEP and shall obtain any federal, state or local permit or approval necessary to carry out such SEP.
 - ii. If Respondent fails to fund the SEP in accordance with paragraph B.4.a.i. above, Respondent shall, instead of funding such SEP, immediately pay a total civil penalty in the amount of \$4,500 plus \$2,500. Respondent shall pay such civil penalty in accordance with the provisions of paragraph B.5. of this consent order.
 - iii. Respondent shall not claim or represent that any SEP payment made pursuant to this consent order constitutes an ordinary business expense or charitable contribution or any other type of tax deductible expense, and Respondent shall not seek or obtain any other tax benefit such as a tax credit as a result of the payment under this paragraph.
 - iv. If and when Respondent disseminates any publicity, including but not limited to any press releases regarding funding a SEP, Respondent shall

Unless otherwise specified by the Commissioner in writing, the value of each parameter shall be reported to the maximum level of precision and accuracy specified in the applicable protocol, and if no such level is specified, to the maximum level of precision and accuracy possible.
7. Approvals. Respondent shall use best efforts to submit to the Commissioner all documents required by this consent order in a complete and approvable form.
